### REGULATIONS / TERMS OF USE - TRONDHEIM CITYBIKE

The municipalities of Trondheim and Clear Channel are working together on the Trondheim Citybike arrangement. Before making use of the citybikes, you have to sign a subscription contract with Clear Channel.

In order to get a subscription card for Trondheim Citybike, please accept the following:

- 1 You are obligated to use the bike in a careful manner and to follow traffic regulations. It is your responsibility if you injure yourself or others while using the citybike.
- 2 You are personally responsible for the subscription card and the citybike. Therefore, please do not lend the bike to others or give away your card. A lost or stolen card must immediately be reported to our service phone (815 00 250), or by e-mail to [firmapost@adshel.no](mailto:firmapost@adshel.no). If you fail or delay reporting your lost card, you will be held responsible for any misuse of the card.
- 3 The citybike is available to you in good condition, and must be returned in the same condition. You must contact our service personnel if you discover that the citybike you have picked-up is damaged (beyond regular wear and tear). This will prevent any misunderstandings, and you will be helping Clear Channel to find and repair damaged citybikes.
- 4 The loan period must not exceed 3 hours per use of the citybike. At the end of your loan period, you must return the bike to one of the designated Trondheim Citybike bike racks. If you repeatedly fail to return your bike in time, Clear Channel may cancel your card on a permanent basis.
- 5 If you leave your citybike somewhere else than at a designated Trondheim Citybike bike rack, you must secure it for theft. You are responsible if the citybike gets stolen, and obligated to cooperate with Clear Channel by filing a police report.
- 6 After using your citybike, you must return it to a designated Trondheim Citybike bike rack. On return, please make sure that the citybike is fastened correctly, the light between the locks should change from green to a permanent red. Please also make sure to lock the bike. If the citybike is not returned in a correct manner, you will be held responsible if the bike gets stolen.
- 7 If you fail to consider the terms mentioned above - or use the bike in a reckless manner, Clear Channel will claim compensation for damages to the bike and/or a third party. The value of the citybike per 2006 is NOK 3.250 including taxes.

Please help us to maintain a good city bike service. - Have a nice trip!
